In other town office news, Selectman Clifford York announced his resignation late last week, with one year remaining in his three-year term. He said he has become too busy with his carpenter business to devote as much time as is needed to the job of selectman. On the town meeting warrant, there is a request for the formation of a committee whose purpose would be to find more land for town cemeteries. At present, hardly any is available.

Newspaper re-cycling comes to Greenstock

Newspaper re-cycling was in-augurated at the Greenwood-Woodstock transfer station, off Rte. 26, in Greenwood, last Friday. On hand to show visitors the brand-new paper re-cycling shed were Jim Chandler, of the Woodstock Conservation Commission, and Marie Bartlett, of the Greenwood-Woodstock Dump Committee. Paper collected in the shed will be pick-

ed up by the Adult Activity Center, in Rumford. The papers will be sorted by the workers there, with newspapers being separated from magazines and other paper. The Adult Activity Center will then sell the paper and keep the payments.
While Greenwood and Woodstock will

not earn any hard cash from the recycling operation, they will save a bundle by not having to send the accumulated papers to the landfill in Norridgewock. Town officials point out that "a penny saved is a penny earned." The pennies earned in this way could

The Bethel Area Health Center has announced this years award winners.

The recipient of the "Medical Award" this year is Barbara Douglass, of Bethel. Portland area and a volunteer on the board of the Maine Medical Center. She has been involved with the Northern Oxception and served as its president in incorporated

At the beginning of the Health Council's activities, Mrs. Douglass years for a medical loan closet. Equipment such as hospital beds, crutches and commodes were loaned out to those people in need at no cost. Her barn also housed a clothing supply for families who were facing a crisis due to fire, loss of employment or for any other reason. For years she made and distributed Thanksgiving and Christmas baskets to needy people in the Bethel area.

Mrs. Douglass was one of the first supporters of the Red Cross Blood Drive that is now held bi-annually in Bethel. She coordinated the nurses, Red Cross and volunteer workers in the early days of the drive, and she and other volunteers provided a dinner afterward for the Red Cross workers from Portland.

In addition to raising four daughters, Mrs. Douglass returned to school and received her degree in social work and began a second career with the state Department of Human Services. In the capacity of a social worker in the Division of Hospital Services, it was her job to acquaint both medical care providers and pharmacists and recipients with the benefits available to them.

Mrs. Douglass, who is now retired, still actively engaged in running The Douglass Place, a bed and breakfast establishment she operates with her husband, Dana.

I would like to respond to last week's article about the 1984-87 increase in the number of women participating in skiing at Sunday River Ski Resort. I don't believe that the marketing of a "less rugged" ski experience, or the growth in the number of condominium

accommodations can fully explain the explosion of the female skier population in recent years. Instead, I would suggest looking to the

increased possibilities that are open to women in their daily lives: possibilities in the financial marketplace; possibilities for more leisure time; possibilities for greater personal achievement and development with less restriction to the "traditional" activities; and finally the possibility for genuine support of these

activities by mates and peers. Although it is certainly true that daycare and nursery facilities make it convenient to leave children so that Mom can ski, please note that Dad leaves his children there as well. The responsibilities of parenting are increasingly

being shared, freeing both parents to enjoy recreational activities. Mountains are no less rugged than they were, the weather is no better or worse, the challenges of skiing are no tamer and the rewards of accepting those challenges are no less satisfying than they were in 1984. I think we should recognize the increased independence and courage

of the 1987 woman and rejoice in the celebration of this spirit. Shame on you Rick for attributing our hard earned gains in life to marketing!

continued from Page One Bethel Ambulance until last year, when the town decided to hire Keegan Ambulance, for less money. "I think the same thing that happened with the ambulance service will happen with the fire department." Mr. Otten said.

But Scott Berry noted that it will take a lot more than a fire truck to have a fire department. "What are you going to do with a fire truck, and no garage and no heat. It seems that \$5,500 is quite cheap (for the Bethel Fire Department availability)."

Brooks Morton proposed an amendment to the article that would allow the town to study the issue of setting up its own fire department but without committing any funds to the idea. "I'm just saying we should set up a committee and study it, rather than starting a fund."The motion to amend the article died for lack of a second.

Bill Cramton, who is in charge of real estate at the skiway, said he and Fire Chief Virgil Conkright have already been studying the issue, checking costs of trucks, a garage, etc.

Selection Lee Swan assured voters. "Even if the money is raised, it doesn't mean it will be spent." And Selectman Wight promised that the selectmen would call a special town meeting to authorize SKIWAY REPORTS SUPER SEASON

purchase of a truck. Aside from the fire department issue, voters generally approved most of the articles on the warrant with little discussion. They voted, with no discussion, to pay the Town of Bethel \$20,000 for continued usage of that town's landfill.

They voted to raise an additional \$25,000 for the Highway Equipment Fund. Together with the \$37,800 already in that fund, the town should have enough to replace the highway department truck later this year, officials said. Voters were in a generous mood when

it came to culture. They increased the amount recommended as a donation to WCBB Channel 10, deciding to donate \$250 instead of the \$150 recommended by the selectmen. They also upped the figure for the Bethel Library, to \$500. The selectmen had recommended \$300, tlt was revealed that Newry readers check out 8 percent of all books checked out of the Bethel Library.) They also increased the amount sug-

rested as a donation to Project Graduation—the chemical-free all-night party after Telstar graduation. Voters authorized a donation of \$200. The selectmen had suggested \$100, pointing out that other towns in the district did not even have such an article on their town meeting warrants.

On the other hand, voters turned down the selectmen's suggestion to donate \$25 to a consumer assistance group called Northeast Combat, Inc. "We can get the same thing from (the consumer affairs reporter on Channel 6," said Phil Taylor.

In all, the municipal budget totaled about \$164,000 when all the spending proposals were approved. This was an increase of slightly more than \$50,000 over last year's municipal budget. Added to that is an expected increase of \$47,000 in the school assessment and an expected increase in the county assessment. That makes the total tax bite about \$100,000 more than last year.

But Selectman Wight pointed out that there will be an additional \$15 million in property valuation on the books this year, bringing the town's total property valuation to \$37 million. This added valuation will more than offset the added costs of running the town, he assured voters. He predicted their taxes will ac-

For February school vacation, Feb. 14-22, Sunday River recorded a 47 percent increase in skier visits over the five-day midweek period. Attendance averaged between 3,500

and 4,000 skiers per day at the fourmountain resort. With Sunday River's lift capacity—the greatest in Maine or New Hampshire-lift lines averaged just under four minutes over the course of the skiing day.

Ski School Director Rick Hodas reported that 5,630 beginner skiers have already taken part in the skiway's Guaranteed Learn-to-Ski-in-One-Day program, surpassing last season's total of 5,022. The program guarantees neophytes that they will be able to ride the lower chairlift and ski the novice slopes by the end of the day or the price of the program-\$25 for equipment, lift ticket and lessons-will be refunded.

In questionnaires completed by the graduates of the program, 98 percent said they plan to continue the sport and plan to return to Sunday River and the Bethel recreation area.

The newspaper re-cycling effort follows the successful glass re-cycling changing the zoning in the Hoodplain to operation, begun a year ago. NEWS FROM BETHEL AREA Health Center

Once again, the Bethel Area Health Center will be offering a family forum. A forum is a 2-hour, 4-session class for adult family members of alcoholics and drug addicts. It is intended to provide participants with education about the addictive process. They will also become more aware of how the disease has affected them. Family members will have a chance to begin to see the changes they can make to become less-controlled by the illness itself.

Family members suffer from their own set of symptoms, sometimes referred to as co-dependency. The addicted person becomes their major focus, much as the drug of choice becomes the major focus for the person who is addicted. As BETHEL BUYS BOMBARDIER a result, family members often have problems with depression, low self-confidence, and feeling different from other people. When family members reduce their own co-dependent characteristics, they begin to feel better about their own relationships. They also become less supportive of the addictive person's illness

and more supportive of their recovery. The family forum will provide a confidential, supportive atmosphere for participants to begin to address their own codependent characteristics. The meetings will begin on March 17, from 5 to 7 p.m. The class will meet four consecutive Hardy, LCSW, who is a registered substance abuse counselor. 'To be sure I prefer a summer evening, scented with roses and the sharp dews upon the dust. But winter has its charms, too. It wasn't bad today, when everything was still and shone in the sunshine and the valley was cloudless and blue. Gray frost had beaded the windows earlier and made the paths, bricks. It became a golden day, a day for snowshoeing.

After lunch everything was spreading under the wash of sunlight. It was one of those perfect days, one of those times that seem too rich, too marvelously satisfying to belong to the routine of life.

There was silence when I left my driveway for the woods. As I pushed among the trees during the better part of the afternoon I stopped several times to view the valley. I had seen it through veils of falling rain, the full glare of the sun, the quiet of the moonlight, when water lapped the shore of the pond, in autumn's color, in winter with its rugged temperatures and in happiness and sor-

May I write a lecture of a few lines here? Everybody who has sighted eyes and realizes beauty, and who is able to stow it away in graceful thought should thank God in the deepest humility. Well, that wasn't too long was it.

It was in this place that I thought about the Pa'tridge, as so many Maine people say it. One winter one settled in this spot indicating that he lived here. I saw him on many of my hikes. I'm always amazed that such a big bird can find plenty to eat in the winter. I saw him here and there poking around all over the place, but mostly under the hemlocks and firs. He likes buds just fine anyway. Mr. P. can make quite a commotion when he flies up. I was strolling along on my snowshoes one day, when whirroosh, boom! up he went right behind my right foot. I went, too! I gave the cow that jumped over the moon a close record. At this section the next spring I encountered Mama P. limping pitifully away into the underbrush dragging one wing. I knew this "injured wing" game: a whole apron full of mottled brown chicks scampered away into the brush, as if they'd never been there. I looked and looked but could not find one, However some time later the family appeared in our garage. I got a few pictures

of them. Now back to the present, to the amazing wonders of the woods. I moved among the hand clapping trees, slow of step and filled with inexpressible absorption.

There stood a hidious old giant green moss touched, licked with lichens, an ugly, old elephant's leg, outrageously inelegant, but actually a beautiful beech stump. I was facing the mountains and moved on toward home.

By now you know my reputation from looking up from my dishpan, out across the valley from the hills and neglecting my housework. I'll never reform, I'll accept the dust. Maybe it's a waste of time-(No! It isn't) I should be repentant. I'm not. It's my own happiness instead. Another walk had proved it.

Fred and Rena Curtis took me to Portland to see my brother, Ernest, on Tuesday. Fred has been a couple of other times. Visitors a few days at Fred's were Melanie and Nick Strait of Freeport, their grandchildren. Two other grandchildren went with them to Farmington to see Mr. and Mrs. Walter Curtis, on

School district nurse Margie Bartlett, R.N., will conduct this screening during

As in the past, fifth-graders will view the slide series "Hold that Curve," which explains how a simple one-minute screening can detect both scoliosis (spinal curvature) and kyphosis (roundback). Early detection of spinal curves is the key to preventing permanent spinal deformity. The progress of scoliosis and kyphosis may be gradual and will usually increase most rapidly during the growth spurt years, between 10 and 13 years of

Students are screened individually, in private, and are asked to remove both their shoes and shirts. Girls may wear a halter, bra, or a two-piece bathing suit top. Tank tops and one-piece suits are not acceptable, as the screener must be able to view the spine.

All students will receive a prescreening letter giving the date of their screening. Students at Telstar Middle School will be screened during physical education classes, in March. The prescreening letter also contains an exemption form for parents who do not wish to have their child screened at school. Parents will be notified of screening results only if a problem is found. Parents with questions or who would like to view the slide presentation, "Hold that Curve," should call Nurse Bartlett, at

They traveled to Bingham the first day, staying overnight there, and then on to Greenville where they spent the second night and then on Monday, Feb. 9, they made it to camp where they stayed until Thursday, Feb. 12. They had planned to ice fish but it was so cold and windy they didn't set one trap. They left Caribou on Feb. 12, coming home by a different trail. They spent the night in Jackman and then made it the rest of the way home on Friday, Feb. 13. They figured they had traveled 500 plus miles up and back, which by car is only 370 miles. On their way they only saw one moose with his antiers still on. No other wild life. Their top speed was 38 miles per hour. They followed state trails until they got to Greenville then they had to break their own trail. Gary Clements and Stevie Farrington accompanied them part of the way on the first day but

What a grand and glorious week. No snow or rain but plenty of sun and that

was enjoyed by everyone. When March arrives Sunday that may be a new story, and more snow to shovel and plow. The snow has settled a lot the past week to make room for more. Sincere sympathy is extended to the family of the late Arlene B. Cushman in

her passing. Arlene was bed ridden for 17 years and she will be missed by all Harry Child, the respiratory specialist, who calls on Eveline every month, took his wife and flew to Florida Feb. 27 for one week. Hope they have a lovely vaca-

The Blue and Gold Banquet for Cub Scout Pack 509 took place at the Rumford Point Church on Feb. 27. This event marked the 57th anniversary of Cub Scouting as well as 21 years for Pack 509. Following the opening ceremony by the boys of Pack 509, dinner was served by Girl Scout Troop 800. The theme for the evening was Indians, and all the Cub Scouts were dressed in homemade Indian costumes.

Rumford Selectman and Historian Stuart Martin spoke to the group about Indians that lived and traveled in the local area. Special guests for the evening were Rev. and Mrs. Harry Conroy. A special skit, prepared by Boy Scout

Troop 509, brought laughs from everyone. Boy Scout Shannon Couture explained several awards his troop had recently received.

Trophies were given out for the Pinewood Derby, which was held earlier in the month. First place and "Best of Show" went to Anthony Mazza, Second place, Brian Worcester; third place, Jason Buck; fourth place, Mike Arsenault; and fifth place was Kenny

It looks as though March is going to be another busy month. Our calendar is fil-Img up already. Dates and events to keep in mind are: March 9, at 7 p.m., there will be a junior high orientation meeting in the cafeteria of the Agnes Gray School. This meeting will be for current sixthgrade students and their parents. A brief presentation will be made and a period for questions and answers will follow. This meeting should begin to ease the process of change for our sixth-grades. We're looking for a great turnout.

On March 10, Carroll Minkowsky, of Central Maine Power, will present an electrical awareness safety program to grades 5 and 6. The program is called "Safety City" and is a live demonstration showing how electrical energy finds its path into the ground. It shows how a person's body can be a conductor of electricity and focuses on individual safety. On March 16, "Peter Poison," a puppet show on safety around the home, will be presented to the Kindergarten. This is a Stephens Memorial Hospital outreach program. High school students who are part of the Allied Health Program will assist, under the guidance of John

On March 18, grades K-3 will travel to Norway to participate in the annual land Symphony Orchestra. This year's theme, "Musical Menagerie," is auned at ages 3-8. The concert is co-sponsored by SAD #17 and the Music Auxiliary.

March 20 is the date scheduled for the 5th grade's annual trip to Boston. March 25, "Mr. and Mrs. Fish" will be teaching and entertaining again, and March 26 is the date for the 2nd grade's annual trip to The Norlands. More on these events and others at a later date.

Telstar senior class wins winter carnival During last month's winter carnival at

Telstar Regional High School, the theme was "The Year of the Rebels. '87." The various classes competed inseveral events during the week, such as:

Shades Day, where the students wore sunglasses to score points; Do What You're Told Day, where the seniors dressed as Mafia members, the juniors dressed "punk," the sophomores dressed as hippies and the freshmen dressed as "greasers;" Walking Advertisement Day, where the students were shirts promoting businesses or foods; and Spirit Day, where students were something with Rebels on it.

The senior class dominated the events. while the freshmen and the juniors were

On the final day of carnival week, the students had games in the gym and games outdoors and there was a horror movie for people who were cold. Once again the seniors dominated such events as volleyball, table tennis, the limbo, obstacle course, snow sculpture and the poster contest. The freshmen won the cake decorating contest, with a cake decorated by Audrey Thibodeau claiming first place. The faculty played the seniors in a volleyball game, and then the juniors played the faculty.

Final totals for the week were: seniors, 1,750 points; juniors, 1,175 points; freshmen, 1,150 points; and sophomores, 975 points.

At the winter carnival dance, King Danny Myers and Queen Sarah Chapman reigned. THOUGHTS FROM THE Pastor's Study

The Bethel Area Clergy Association, with the help of pastors of surrounding churches, is endeavoring to bring frequently to you these meditations. Not based on any set theme, they will be individual for each pastor. It is hoped you will find in these words, comfort and help for your daily life.

How many things are we certain of? Someone has said there are only two things, death and taxes. Occasionally life is interrupted by death and we face the first, yearly on April 15 we face the second. The Bible, however tells us we can be certain of a number of other things. The Bible book of I John is a book of certainties. It is written that the people's hearts may be sure in the most important areas of life.

The return of Jesus is a certainty I John 2:26 "And now little children abide in Him (Jesus) that when He shall appear, we may have confidence, and not be ashamed before Him at His coming. As a song writer wrote, "when Jesus comes I want to be ready" and this verse tells us we can be confident before Him when He comes.

Then I John 3:2 the believer is told of another certainty. "Beloved, now we are the sons of God, and it doth not yet appear what we shall be: but we know that, when He shall appear, we shall be like Him, for we shall see Him as He is." We can know that when Jesus comes to earth personally or when we are taken through death we will be transformed into His likeness.

Another fact that we can know is recorded in I John 5:11 and 12 "And this is the record, that God hath given to us eternal life, and this life is to His Son. He that hath the Son hath life, and He that not the Son of God hath not life." It is a Biblical fact that we can know we have eternal life with God by turning from our selfish ways and by placing our faith in God's provision, the Lord Jesus Christ.

I'm glad that there are more certainties in life than death and taxes. It is a fact that Jesus in coming again and all who have turned to Him will have confidence and not be ashamed at His coming.

"Once heaven seemed a far off place Till Jesus showed his smiling place Now it's begun within my soul

Performing on more than 70 instruments from around the world, "Do'a" world music ensemble invites the audience to an extraordinary experience in music. Presenting original compositions on flutes, guitars, piano, percussion and many unique instruments from India. Africa, Asia and the Americas, theirs is a concert of musical potpourri.

The Washington Post stated: 'The musicians of 'Do'a' don't just double on instruments, they multiply them into a veritable symphony.' The Boston Globe acclaimed their

music as "powerfully optimistic composi-

tions delivered with striking originality."

"Do'a" world music ensemble was cofounded in 1974 by Randy Armstrong and Ken LaRoche. Joined by three new members, they blend the rich and varied musical heritage of the world into an unusual and artistic cross-cultural experience. Their fascinating and compelling music bridges jazz, classical, folk, and world music influences and has been acclaimed by Dizzy Gillespie as "one of the important contributions to the future of our music. The concert is open to the public free

THIS WEEK AT THE Moses Mason House

Academy, on Sunday, March 8, at 7:30 Historical Society are reminded that the annual historical film festival will be held on Thursday, March 5, in the meeting room of the Dr. Moses Mason House, beginning at 7:30 p.m. Among the films to be shown are "The Eye of Thomas Jefferson," a National Gallery of Art film, which surveys Jefferson's artistic interests and creative accomplishments. It traces his journeys through Europe. where he found inspiration for many of his ideas on architecture and landscaping, as seen in his later designs for Mon-

ticello and the University of Virginia Two other films have also been scheduled: "Maple Sugar Farmer" and "Catlin." which documents one of the first American artists to document the customs and drama of the Indian. In addition to his Indian portraits, his paintings include scenes of Indian camp life. buffalo hunts, war parties, feasts, and ritual ceremonies, some of which had never before been witnessed by a white man. Anyone interested in attending this meeting is cordially invited to do so

The society has received microfilm copies of the Bethel Citizen for 1985 and 1986 this week. These are new available for use in the Eva Bean Research Room. The society's holdings of Bethel newspapers now extends from 1895 to 1986 This resource is one of the most useful

Tri-Town Rescue

Outstanding service awards this year were presented to Harry and Grace Archer for ambulance personnel and to Lillian Herrick for auxiliary work. This week the column will highlight the work of Lillian over her first five years of service.

Lillian joined the auxiliary as one of its charter members in 1981. Since that time she has been involved with all phases of fund-raising activities. She has always helped whenever asked. Her house at East Bethel burned in December, Prior to that time, Lillian was an inservice dispatcher, arranging the back-up crew when one ambulance was out on a call.

The auxiliary will meet tonight (March 4) at the Bethel Savings Bank in West Paris at 7 p.m. They will be developing a laundry list for the upcoming year. A different person is responsible for washing the ambulance laundry one month a year.

The board will meet March 11 at 10 a.m. at Dorene Benson's house. A committee to re-examine the by-laws will neet Thursday at Jane Chandler's house.

WEST BETHEL Children's Center

The month of February was another busy, exciting and rewarding time for children at the center. Children had a special Grandparents/Special Person Day along with a valentine celebration that was very well attended by family and friends of the children. Children made their own invitations and really went to town decorating the school with lots and lots of hearts. Hearts were painted, printed and cut out with play dough. Children exchanged valentines and shared their regular routine of play work and song with visitors. The day end-

ed with a fine buffet lunch enoyed by all. A great mid-winter pick-up! Children have been involved in a variety of collage art work which along with fostering creativity and teaching basic concepts also encourages language development and sharing of one's time, self and talents. The group has been very motivated with working together and have been made a couple of beautiful winter collagesm nursery rhyme collage. and shape vollages that are very attrac-

NEWS FROM THE Windy Valleys

Snowmobile Club Last month's meeting was held Feb. 19

at the clubhouse in Newry. Seventeen members and two guests were present. Several items were brought up for discussion, but none was voted on. Members Sylvia Wight, Willard Wight, Stephen Wight and Marlene Wight attended the February MSA meeting held in Augusta. Sylvia reported to the club on the bill before the Legislature to increase the cost of snowmobile registration. The increase would provide money

approved trails. Plans were finalized for Ride-In '87. Fourteen members and two guests met at Akers Field early on Feb. 22 for the ride to the O-K Corral, in Roxbury. The weather could not have been better, and the continuous work of groomers throughout the area this winter left the trails in great condition to make the day very enjoyable. Our club presented over \$2,500 to the Ride-In '87 committee. A special thanks to all area businesses and

for trail grants to all MSA-affiliated clubs

to cover trail maintenance on state-

citizens who made a donation to this worthy cause. All members take note: The date of the retarded children's ride has been changed. The new date is March 22, at the

home of Bill and Sylvia Wight. Snow-

mobile rides will begin around 11 a.m. for

the children from the Rumford and Mexico homes. A potluck lunch will start at noon. Members are asked to furnish a hot dish or dessert.

Club members and friends have gotten together several times over the past weeks to go on rides to Rumford, New Hampshire, Sunday River, Roxbury, Andover and Greenwood. All reports say the snowmobiling is terrific.

The next meeting will be Thursday, March 19, starting with a potluck supper at 6:30 p.m.

CARD OF THANKS

The family of Phillip H. Faudi is indeed grateful, for the many kindnesses, shown in our recent bereavement. Cards, flowers, food, letters, calls, donations to the building fund of the Bethel United Methodist Church, the American Legion who furnished the flag, and for those who remembered us, in their thoughts and prayers, we are indeed grateful. Special thanks, to the staff at Ledgeview Nursing Home, who tended out on Phillip so graciously and beautifully. Special thanks, also, to those who took me back and forth to the nursing home. Their kindnesses will long be remembered. And all gratitude to Rev. Lisa Vonderheide, who supported us all, in our time of need, and who spoke, in such a special and wonderful way, about Phillip.
